I am filing a Civil Lawsuit against the San Antonio Police Department and four of their Officers:

1. Norma Woods Badge#0899
2. L. Carrion Badge#0170
3. J. Willingham Badge#0688
4. E. Rodriguez Badge#1567

My Civil Rights were violated and I was cavity searched in the vaginal area, outside in the open, on the side of the road. I begged the Officers to carry me to the County Jail to do a proper cavity search. The Officers were looking for drugs in my vaginal area and then attempted to search me in my rectum area as well. I was so traumatized by this type of incident that I began seeing a Therapist. Later I was court ordered to see a Therapist but I was already in therapy which I began on my own.

The Officers opened old wounds from my past that I finally put behind me and now it is like starting all over again trying to get past this terrible bridge. This incident with the Officers and the way they treated me was tragic and most of all a violation of justice. I've been in and out of court on the criminal matter. I have spoken with Internal Affairs, with the office of Sgt. M. Tobin, Chief of Police, ACLU, Texas Civil Rights Project, US Attorney Offices, the NAACP and the FBI which is already investigating this matter. I have taken a Lie Detector Test and passed it with the FBI. Mrs. Lisa Hansell at 210-225-6741, EXT 5345 is investigating this matter also due to the fact that my Civil Rights were violated. I was handcuffed when this cavity search took place because they stated I could have a weapon. My record does not consist of me carrying a weapon and I cannot carry any type of weapon in my vaginal or rectal area. I was not belligerent at all and I obeyed all the commands from the suppose to be routine traffic stop, which resulted in me being handcuffed during the whole incident, cavity searched in my vaginal area out in the open, on the side of the road, begging the officers to stop and an attempt to be searched in my rectal area. There are so many questions the need to be asked and answered.

Enclosed please find all of my documents submitted during this investigation. So if an Honorable Judge could hear this matter I would be deeply appreciative. Please help me with this incident.

Thank You,

Ms. Roberta Martin

Statement Of Fact

My name is Roberta L. Martin and on January 15, 2003, I was pulled over in the 1500 block of Sherman Street, San Antonio, Texas, Bexar County, coming from a friends home I was visiting. The police asked to see my drivers license, but I had forgotten it at my home. I thought I had my drivers license with me but I didn't so I handed one of the officers a Medical Card and my Auto Insurance Paperwork. The car had no warrants on it and I asked the officer why he pulled me over? By that time another officer came to the passenger side window. This officer stated I wasn't wearing a seat belt. I said, "Yes I am look." I stated that "He was lying, I'm wearing my seat belt." He asked me to step out of the car. I stepped out of the car. I couldn't believe they were saying I didn't have my seat belt on. They were actually lying about that.

I was upset a little about that. These policeman wear a badge and promise to uphold the law and they were lying. The policeman asked me to step back behind my car, and I did. They started searching the car but I was still shocked about the seat belt issue. I couldn't believe it. The policeman looked me in my eyes and told a story in my face.

The policeman found a crack pipe and a small amount of crack cocaine on the ground, not in the car and not on me. Police began coming from everywhere. They handcuffed me and took me behind the police car. About five police cars came and they asked me where did I get the dope from? Did I get it from the house I just left and if I don't tell them where I got it from they were going to tell the people that lived at my friends home I was leaving that I was a snitch. The police looked at me and stated "you know what they do to snitches." They said that they were going to tell my friends that I told them I got the drugs from their home. I didn't say anything else to them and they just began calling me nasty names like prostitute, crack head nigger and whore. They where just all over me with nasty remarks.

One policeman stated to me that they were going to search my vaginal area. By that time I was in handcuffs in the back of the police car. The chief arrived, I assume because he was in a white shirt. The K-9 unit was called out as well. One of the officers said, "get Butch get Butch". It was a lot of commotion going on and all of a sudden a police car arrived across the street and a black female officer got out of the car. She walked over to me as I was still in handcuffs in back of the police car and said "get out of the car and if you don't get out you see all these policemen, they will make you get out the f----- car." I got out of the back of the police car and she took me behind the police car and began searching me. She searched my pockets, then she unbuttoned my pants and put her hands in my vaginal area. I'm begging to the other policemen to please take me to the Bexar County Jail because I know she was wrong. I told the female officer "she wasn't suppose to do that", she said shut up B----. I kept looking at her, crying, angry and having flashbacks from my bad childhood experiences. The female officer then said to me, "it looks to me if you were not in handcuffs you would try to kick my ass." I said what the f--- you think. Tears were pouring down my face as I was thinking back as a child when I was molested by a woman in a foster home. I was thinking how she could do this to me.

I felt so numb as I was writing this difficult letter, but I refuse to over look what they have done to me. The female officer was trying to put her finger in my rectum also and that's when I just stood fast and said "no." I wanted to just run down the street and leave. Some cars were passing on the street and the female officer would pull my pants up. I began screaming and crying saying, "I never had sex back their before please take me to the Bexar County Jail or hospital and let them take some x-rays if necessary." The officers stated to me "with your record of whoring, it should be wide open. Whore's always get f—— in their ass. That's part of the business." I just lost it, I really lost it. A white car passed down the street and again the female officer she pulled my pants up and they finally took me to the Bexar County Jail. When I arrived at the Jail I began explaining the incident to the guards and none of them were concerned. I was booked and was offered a bond. Two days later I bonded out of jail and two days later I received two more felonies. Again I bonded out. I haven't been in any more trouble since but I've been going to court behind these incidents for a year now. I've been praying that I wont forget her face due to the lapse in time. I wake up at night crying and angry. My mind and heart has not been right since.

I have applied for and received probation. I spoke with a lady name LaDonda Beers and I was speaking to her about this incident. I broke down crying and she referred me to a psychiatrist. I remember signing a paper for an HIV Test, which thank God is negative and the doctor asked me if I have talked to any one about what was happening to me. I told the doctor no and this appointment was October 15, 2003. The doctor stated that I need to talk to someone about this incident. I have been seeing a psychiatrist since November 2003 and he stated that those policeman opened old childhood wounds. As a child I watched my father shoot my mother and I was placed in foster care. While in foster care one of the female foster children molested me.

Everytime I would try to sit down and write this letter it would hurt and the pain would return. That's why it took so long. I knew it was time to seek help when my fiancée said I wake up screaming and threatening people in my sleep. Children services have even called his job. I called back and spoke with a lady named Linda. David Smith her secretary stated she had the wrong number but yet the right name. Please can some one help me with this situation? The criminal charges should be completed soon. No human being should have to be subjected to the treatment I was subjected to. The Judicial System is playing mind games. My past shouldn't have anything to do with the way they chose their protocol. I'm still seeing my therapist. The same hands as a child that was to protect when I was getting molested now as an adult are the same hands that are hurting me now. Please, some one help me. The police have changed their story when I asked for a motion to suppress the seat belt hearing. The officers are not telling the truth and I have to go to court in February 2004. I went to internal affairs in San Antonio, Texas, Frio Street and a tall caucasian gentleman took my statement and began asking me questions. I didn't feel comfortable answering his questions and he just escorted me to the elevators and that was that. I am finally recuperating from the shock of these horrible incidents. I thank God but the pain is still their.

The Police Officers Badge numbers are 1567, 0170, 0688.

Stephanie R. Boyd is my Attorney and she gave me these badge numbers. Her office phone number is 210-222-9498.

Statement Of Fact

On January 15, 2003, I, Roberta Lynn Martin, was pulled over by an SAPD Officer (San Antonio Police Department). This is a complete **Statement Of Fact, The Truth**, the beginning of my nightmare, me being **Cavity Searched in the Vaginal Area**.

January 15, 2003 I was pulled over by an SAPD Officer and was told to get out of my vehicle. I was handcuffed and my Civil Rights, completely violated. I've been going to court fourteen months on this incident for Criminal Charges. One Officer stated that I got out of my vehicle and the other Officer stated that I remained in my vehicle. My vehicle was towed from the 1600 Block of Sherman Street, San Antonio, Texas and one of the other Officers stated that my vehicle was towed from Gabriel Street, San Antonio, Texas. This is only one of the discrepancy statements in the court records on my case.

I contacted the A.C. L. U. San Antonio Chapter, February 2003 and I was told that nothing could be done until after the case pertaining to the Criminal Charges were over. I sent letters and spoke with Dann Rolmos a representative of the A.C.L.U. San Antonio, Chapter. The San Antonio Chapter team of lawyers found probable cause to send my case to the A.C.L.U. Chapter of Austin, Texas. I spoke with a Mr. Chris McCloud, a representative of the A.C.L.U. Austin, Texas Chapter, the first part of August 2004. He stated that "They knew that SAPD is Cavity Searching poor people and black people, people of color." Mr. McCloud stated that he could count on one hand how many times this has happened to a white person. I just don't understand this, I was very upset! Mr. McCloud brought my past police record up trying to make me feel less of a person and less than a creature of God. I asked who was in charge and I was told that a Mr. Will Harold was in charge. The Secretary, Frances, then began to explain to me that they just did not handle these types of cases. Mr. Harold stated that they could not help me because my past police record and that they were about changing the law. My Civil Rights were completely violated and I am a human being like any one else. I am asking if someone would please help me with this case. If I can not receive any assistance, I will go to the Television stations and the Express News. I went to Internal Affairs February 2003 and I could not even speak of this horrible experience I was so upset and broken. I went back to Internal Affairs after receiving psychotherapy from Doctor Efrm Padilla 210-358-3217.

Around May 5th I spoke with Mrs. Gross and she was called out of the office for a very important meeting. I went back on May 7th and I spoke with Sergeant Jackson and was shown some photos of Female Officers. Mrs. Gross had me to sign a Perjury Document. On the 5th of May Sergeant Jackson had me to sign a Perjury Document as well. I also signed a document stating that nothing could be done or no charges could be filed within 180 days to any of the Officers. I am still receiving therapy on this incident.

My case has been passed to a Mr. Snively 210-207-7929. I spoke with him around that first of August 2004 and now my Statue of Limitations *is running out*.

Their are so many questions I would like answered and need to be answered.

1. If the house where I was, was a drug house, why haven't the DEA raided it?
2. Why were there 3 policemen, 2 in one vehicle and one in another for a woman that was giving no problems?
3. Court records show that one Officer stated that I got out of the vehicle and another Officer stated that I did not get out of the vehicle?
4. If drugs were found some one had to search me, the Male Officers didn't search me, so who did?
5. If there was no Female officer, who searched me then?
6. The Officers stated that my vehicle was pulled over on Gabriel Street, so why do records show that the vehicle was towed from Sherman Street behind the school where it happened?

This is being done to me because of my past police record. This is not fair and it should have nothing to do with this particular incident. I am only asking for someone to help me get a fair chance. Please in the name of God, please someone help me!!!

Sincerely,

Mrs. Roberta Lynn Martin

STATE LEGAL PANEL

Date: 8/15

Dear ROBERTA MARTIN:

Thank you for contacting the American Civil Liberties Union of Texas. ACLU receives many requests for free legal advice and representation. Unfortunately, we do not have the resources, the staff, or the attorneys to represent everyone who has a meritorious claim. We rely on volunteer staff and attorneys, and our resources are very limited. For these reasons, we can only take cases that will that will bring about system-wide change. Unfortunately, after thoroughly reviewing your complaint, the state legal panel has decided that ACLU cannot represent you in your potential action. Our decision has nothing to do with the merits of your case or whether we believe you do or do not have a viable cause of action. Our decision is based solely on our limited resources. We are very glad you wrote, though, because we are keeping track of the kinds of complaints we get so that we can better advocate for systemic reform. If you want to pursue your legal matter, you should contact an attorney directly about possible representation. I am sorry that we cannot represent you.

San Antonio, Texas 78209

Dear Ms. Martin,

Thank you for contacting the American Civil Liberties Union of Texas, San Antonio Texas Chapter (ACLU). Our Legal Panel/Case Committee reviewed your letter and found that you have an **attorney**. Please be advised that it is improper for anyone other than your attorney to take any action on your case. If you believe that your civil liberties are being violated, and if your attorney will not address that issue for you, have your attorney send us a letter describing the violation. When we receive the letter from your attorney, our Case Committee will be able to evaluate your situation and subsequently inform you and your attorney of their recommendation on a possible remedy. You should be aware that there are time limitations in which to take action in matters that require litigation. There is a statute prescribing limitations to the right of action on certain described causes of action; that is, declaring that no suit shall be maintained on such causes of action unless brought within a specified period after the right accrued.

The ACLU is a non-profit, non-governmental organization that seeks to preserve and extend constitutional rights and principles found mainly in the **Bill of Rights**. We do not wish to discourage anyone from pursuing their complaint, but because the ACLU depends solely on its membership dues and contributions from other sources we have **limited resources**. Because our resources are limited we accept very few cases for direct litigation and only cases which involve significant civil liberties issues can be considered. We give priority to those cases in which our participation can benefit a large class of people, or will lead to a change in the law(s) related to the violation of civil liberties issues. If your constitutional rights have been violated, please write to us again.

Thank you for your confidence and trust in the ACLU.

Respectfully,
